- FRONT LIGHT COMPATIBILITY
- REAR LIGHT COMPATIBILITY

Our e-bike lights are powered by the motor of an e-bike and need to be manually installed. Proper installation may require some disassembly of the bike and motor (depending on make and model/battery type) and additional wiring to connect the light to the motor. Please contact the e-bike or motor manufacturer for installation instructions. Please note: Any disassembly may void the warranty of your e-bike. It is highly recommended to have a trained e-bike professional install your lights for you. Below is general information about electrical connectivity.

RECOMMENDED E-BIKE CONNECTOR		
MOTOR	Front Part #	Rear Part #
Bosch	170.020.322	1270.020.324
Brose	call warranty at Specialized, no Part#	
YAMAHA		
Shimano Steps e6000	SM-DUE01	SM-DUE01
Shimano Steps e8000	No adapter needed
